Being short has perks and negativities but any one can achieve their goals. I know I did, and have been published in BIKINI MAGAZINE. I am a small town girl and love moving forward in life.

Devan Silver

I am 35 year old year devoted single mother of two. I love being outdoors, mountain biking, running, and fitness. I started modeling in March of this year after answering an online post seeking models for a lighting class. I had no idea what I was doing and just went with the flow. I have since worked and shot with many exceptional photographers. Along the way and with every shoot I learn and grow. The greatest challenge I faced was gaining self-confidence. It is very intimidating being in front of the camera. The most important lesson learned through this experience has been to let go of those insecurities and let myself be free to be me. "Beauty is not seen it is felt".

I am ever so grateful to the photographers and to all of the people who have supported me with kind words of encouragement. They have helped propel me forward and in that I have found a new passion to create and inspire.

Ever since she began to walk, her papaw had Heather in the garage with him working on his 1988 Chevy Camaro. That was Heather's papaw's show car and he loved it so much. Seeing the passion first hand of what type of happiness a vehicle could bring someone, she knew very early that cars are what she would always have a love for. Besides modeling and cool cars, Heather has a passion for travel and mexican food! Her favorite place to go is to the beach, and her perfect date would need to include horseback riding. Heather plans to attend college this fall.

Kelly Vander Burgt

I'm a young lady from Belgium and I live in the beautiful city of Antwerp. Since I was a child, I was already very busy with fashion, beauty contests and modeling. I did also theater for a couple years! I am now an experienced and active model since 2010 and I have to say that I'm very proud to see where I stand now. I also do figuration and acting in different movies and TV-Shows in Belgium. That is also something I love to do. I always want to be fit, so I do a lot of work-outs for being strong, so I can hold my poses. And I also do yoga for being flexible, so I can make beautiful and original poses! I love to travel, dancing is also one of my favorite things to do and I really love to shop! But wich woman doesn't, :)! I am very motivated, concentrated and very social!

Modeling for me is much more than a passion, much more than anything! I always put all my soul and heart in it to create the most original and beautiful results. Like I always say: "Even the word magic is not the right word, not the right feeling. For me, modeling goes much deeper than that, much further!" As a model, you can do SO much for the world... And really, it's a feeling that I can't describe.

I had the honor to work with many photographers over all those years in Belgium but also in The Netherlands. I really want to thank them all! It's also because of them that I'm now the person am that I always wanted to be! Yes my list is very long, *blush*!

Between now and two years I really hope to become a good, well known and internationally published model. I also wanna make great deals with magazines, photographers, and model agencies. Over all the years i have learned that you have to work hard for the things you really want! So yes... I'm going to work harder and harder so I can reach my goal!

About the photographer and the MUA & Hairstyling!

The pictures are from Gunther Verbist. He is a well known photographer here in Belgium and his wife is his make-up artist. But she also does bodypaint, hairstyling, grimme, ... Her name is Ann Van Paemele. They are amazing to work with. I worked with them 3 times now, and it was always so much fun with amazing results! They also have so much respect, unbelievable!

They live in Mopertingen in Belgium and they have a huge studio.

Krista Gale

I grew up in a small town with a big dream. A dream that seemed unreachable for a short awkward little girl. I was put into a few beauty pageants when I was young. Surprise, I never won. I never had much self esteem. But I never wanted to give up my dream, so I convinced my parents to put me into a modelling class. This class taught me alot about walking, strutting and posing. The best part was at the end of the whole class I was told that you need to be at least 5'10 or taller to be a model. Well, didn't that just burst my bubble. So I put my dream on hold for a while. Went through highschool, college and moved all the way to British Columbia for fun. Met a guy, it turned into a thing. Told him my dream, and he suggested I continue to pursue it. With little to no experience I joined a model website called model mayhem. Found a few local photographers, and started to actually do real modelling gigs. Soon after I conjured up even more courage and decided to submit myself into a bikini contest. Wow, was I ever nervous. But never the less I did it. Not to long after I had discovered I was pregnant. Sure enough first thing that ran through my mind was, "how long will my dreams be put on hold for now?" We then decided to move back to Ontario. I then gave birth to my beautiful son, and thought to myself, "if I can give birth, I can do anything if I set my mind to it." So I got up off the couch, worked hard and started searching for local photographers. Found a few, did some shoots and now here I am. Never give up hope!

Samantha Kristina

The big life of Samantha Kristina...

Samantha was born and raised in Oklahoma City, Oklahoma. This 20 year old woman was raised by her single mother and older brother. While growing up she was actively involved in highly competitive sports like gymnastics and cheerleading. During her stint in High School Samantha was labeled as a "NERD"; her second passion was reading, and was involved in the book club in high school. Samantha always stayed close and was actively involved in the cheerleading team and ran like the wind in track; she loved the freedom and speed of running like the wind.

Today Samantha says she has some pretty inspired goals and has stayed true to them, just like her childhood goals, today they are any kind of modeling she can get into, although her childhood dream was to be in Playboy, and a Victoria Secrets Angel. Very lofty and inspired goals for any little girl, or woman of 20.

Samantha biggest thrill today is to do as many photo sessions as possible; Alternative, Fashion, Boudoir, and Glamour. From her session here it appears that she has the Boudoir down path. Samantha says "I want to experience it all". In what little time she has this mother of two balances work, home life and modeling by maintaining a tightly organized schedule.

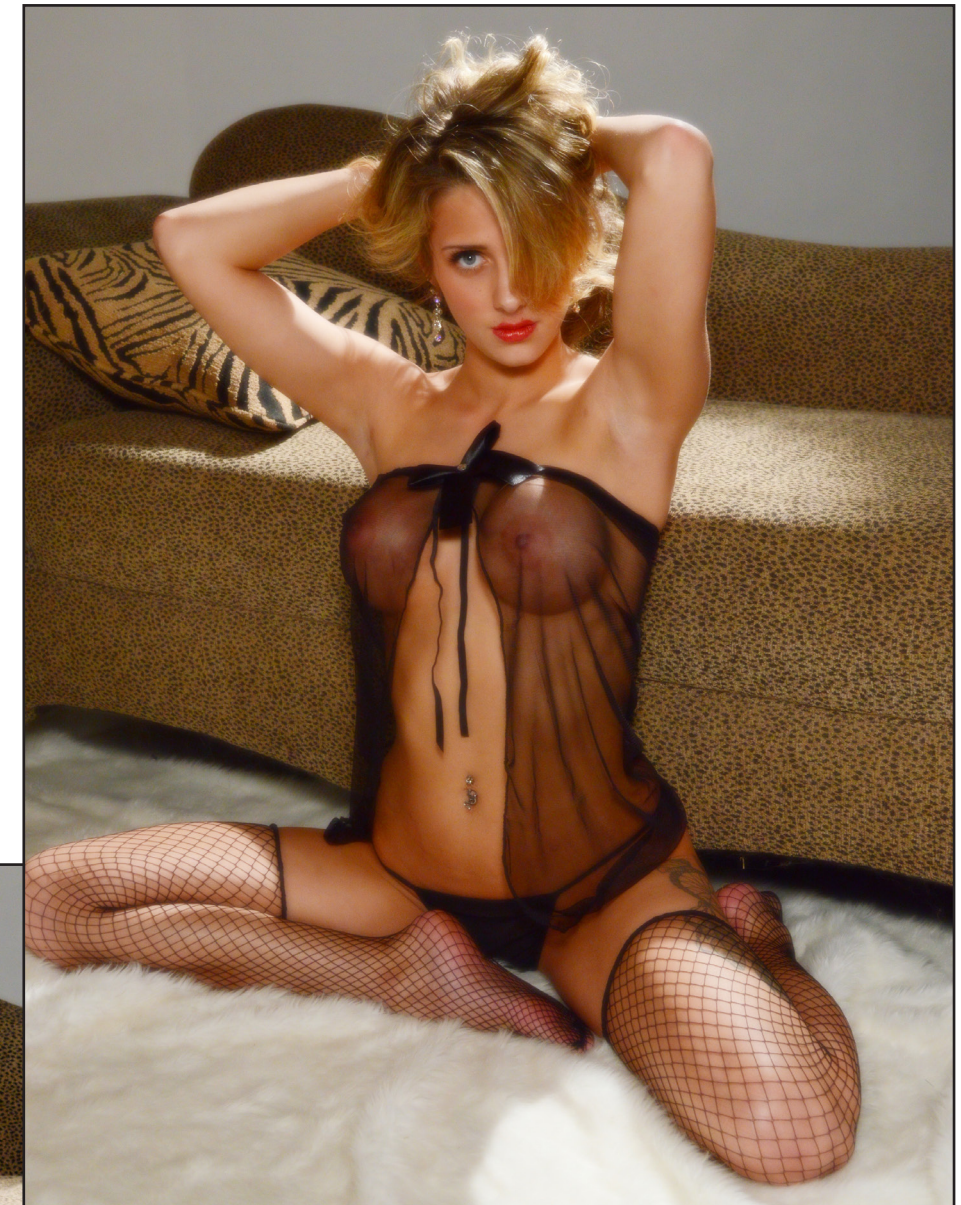

Samantha Kristina

In Samantha's spare time she loves to go "hang out" at the lake with her friends and family on weekends, getting away and enjoying nature. Family and friends helps her unwind from a very busy schedule, when she isn't working, Samantha is always perusing new exciting ways to advance her modeling career. One night we were online and got a friend request, the conversation started out as a knock knock joke... We at Enchanting U Glamour and Boudoir Photography told her, when she asked "Who's there...we said Opportunity, jokingly. We were amazed at her skill, comfort and gracefulness in front of the camera, a real natural, and a complete thrill to work with. We will be seeing a lot more or a lot less of this rising star in the future.
