Brooklyn Hunter

If you have never met a true Southern Belle, then look no further! Brooklyn is sweet, sassy, Southern beauty at its best. This twenty-two year old blonde bombshell is every boy's dream, and also a girl that Southern mamas wouldn't mind their son bringing home for family dinner, especially if that supper included fresh green beans, macaroni and cheese, and a big ole steak! Those are all Brook's favorites. Growing up with her twin brother in Maryville, Tennessee, she was active in cheerleading, softball, and golf. Now, she enjoys hiking, camping, rock climbing, cleaning, and rooting for the UT Vols! Somehow, she still manages to find time to study and pursue a career in integrative health. She's also a licensed chiropractic assistant. On her days off, she loves to curl up with a big helping of Netflix and junk food, but brownie batter is her kryptonite.

Her beauty and brains started gaining her attention, so Brooklyn finally starting modeling about two years ago. Being new to the industry, she has only dabbled and modeled on and off in the past. However, this year she has decided to really pursue a modeling career, and she has taken off! Brooklyn is on the rise! She is now the face of K&G Creative, after recently being named the K&G Creative 2015 Model of the Year. Her motto, "You can be the ripest, juiciest peach in the basket, and there will still be someone who doesn't like peaches," is often true, but seems to be excellent motivation and great words to live by.

Jenna

Ms. Jenna

This is Ms. Jenna, I was born and raised in Yuma Arizona but have been everywhere from California to New York. Growing up I was considered to be the "ugly duckling." I was as thin as a toothpick with no physical assets, no sense of fashion, and no confidence. It wasn't til my sophomore year of high school..... literally. I've always dreamed of modeling and at the age of 18, Bayliner Boats Magazine reached out to me to be in one of their issues. From that point on, modeling became a passion of mine.

However, I am not your typical everyday model.

I am a true country girl at heart. I drive a pickup truck, bait a hook, load a gun, ride horses, and drink whiskey on the rocks. Blue jeans and tank tops are what I would consider as the perfect outfit. I currently own 2 horses that I share with a therapeutic riding facility for special needs children called "Saddles of Joy". I love volunteering not only my horses to be a part of this amazing program, but also volunteer-

ing my time. Seeing the joy on these children's faces and experiencing first hand their improvements has inspired me to further my education in the medical field and hopefully one day be able to work at a children's hospital.

Michael R Keller Owner of Mikaele Studios specializes in Boudoir , Implied and Nude Photography and is considered to be One the premier On Location Beach Photographers in the business.

Taylor Stamper

Chicago model pursuing her dreams. I grew up in a small town where everyone knew everyone. Everyone knew my business good and bad. I've always wanted to work in this industry but was always brought down by family saying I would never make it. People all the time don't make it. I understood that. However, I wasn't everybody. I thought of myself very highly because this was something I've always wanted to do. So once I turned 19 I said I was going to go for it and I'm not going to stop until I get what I want. Until I get

what I think and feel I deserve. And I have skyrocketed ever since. I travel all over the U.S (with the help of Michael Chavez of Ravish Modelz Magazine) doing all sorts of shoots, having my work printed and up in shops in Vegas and California. I couldn't be happier. I'm making what I thought would be almost a bit of a hobby a carrier. I get paid to do what I love and that's why I'm still doing it to this day. Don't ever let the fear of striking out keep you from playing the game. You never know what could come of it.
