I am 22 years young. Born in Texas but have lived in Florida, Pennsylvania, Massachusetts, New York and Ohio. I am currently modeling out of the Columbus area and enjoy dancing and teaching dance classes.

I am addicted to ink and plan on getting at least five more within the next year. My plan is to go back to school to become a biologist and school teacher.

Don't take it wrong... but I love destroying people at video games.

# DAYNADATONS

Dayna Datons is a West Coast Canadian born and raised in British Columbia (BC). I am an only child, distanced from family at a young age and was raised in the foster system. I have a strong appreciation for my work ethic and take life seriously to a degree, I believe work ethic is extremely important to becoming a successful and respected individual.

I have my modelling on the side of a few other jobs that I partake in. I am also a waitress/bartender/receptionist for the time being. on my spare time... when I have it, I spend it with a new friend I had met while I was bartending at one of the establishments that I help in. He shows me around town and introduces me to new faces. I find myself enjoying my time spent with him. This has always been a goal of mine, to meet, experience, and continue to grow in my modelling career, It made it easier when I noticed I had friends in the industry

I look forward to taking more trips! make more memories!! and friends!! images!! I am going to take this life I am living and make the best of this... I thank Patrick and Elina mckinney for making IBMS such an awesome event and welcoming me to the team\family. Also like to thank Photographer: Perez for my first shoot there, David cowdell Photography and Paradise for her editing and training ability

As a little child I loved make up and clothes off course ?? High heels.. I was really a girly girl... and I loved to be in front of the camera.. so when I did my first shoot I was sold. !!. And that's how everything begin..

my background in the sports was gymnastic in my younger years til my 18 years and now i do fitness. Modeling is a Passion for me. One of my biggest dreams are to become a international and a successful cover/magazine playboy model. My other dream is to have acting career and my online sexy/club-wear/ high-heel clothing-store. And i just started with DJ Lessons and want to start with lesson for pole fitness. I also hope the to connect my name to a animal / children charity associations and do something back for the people that needed help.

my motto is, follow your dreams never give up.

After a little break from 2010 till 2012, I have seen hundreds of photographers and my goal is to shoot with many talented photo/videographer and magazine`s. And I love being in front of a video/camera/magazine/cover.

I'm excited to see what is next for me, and i`m looking forward to see where my modelling will take me and witch doors maybe open for me in the industry for this year and the future. And i hope it will bring me to tropical sunny place like Ibiza,Florida California, Hawaii or Jamaica Where i do as many sexy lingerie / bikini playboy shoot and video's as i can.

I'm based in Europe in the center of the Netherlands Utrecht. I am married for nine years now and have two adorable kids, a boy and a baby girl, and i hope to give them an amazing life, see the world ,help other peolpe and animals that needed, the best school learn to eat clean sport and also have fun and never forget family time.

# KRISTY JESSICA

My name is Kristy Jessica. I started modeling when I was 18 as a hobby. The single greatest achievement I have accomplished in my life has been making the leap from restaurant work to full time freelance modeling! Much of my time and effort is spent drafting my own marketing material, posting national travel notices, and working out. I also delve in a few of my own projects aimed at helping other models book freelance gigs safely and effectively.

I am a young mother who shows her children to follow their dreams. I have been modeling for 2 years, and have had a lot of amazing experiences to say the least. Kara Friedman helped me start, and Ashley Salazar helped me keep going. As tough as it gets in this industry, I love all of the wonderful opportunities I am faced with. I am one who is fascinated with science. When I say that, I mean it very passionately. I am also a huge fan of House music, definitely one of my guilty pleasures. I hope I can inspire others, even if it is only 1 person.
