"If someone had asked me this time 2 years ago 'What do you want to do in life' id of been stuck, unsure of an answer. Modelling certainly would never of crossed my mind until now.

I am Sophie Swain! 19, Aries (April) child, born and bred in Grimsby (UK) a small town with not much going for it. I always felt quite outcast from young, I always strived with a passion to do something much bigger than the day to day 9-5 life, I didn't want to be stuck in the rut of life like that! I had catwalk modelling bridesmaid dresses at the young age of 4 but it had never struck me as an option in my mind for a job, nothing I believed in until July 2015!

Pot luck I was chosen to shoot with the wonderfully talented 'David Clic', a lovely man very easy to get along with and discuss ideas, he just made me feel so comfortable! The shoot was so fulfilling it gave me such a boost along with his words 'You're very photogenic', even to this day looking at images I've already created with photographers I'm amazed by my own ability and I can only get better! As well as my passion for modelling I highly love Music and Food, music has been an escape for me from young.. singing and song writing and I love baking/cooking! My idols would be Beyoncé for her drive, determination and confidence and with Food I love Heston Blumenthal for his creative flair!

But everyday my Mum has been my idol throughout life, her strong will power and drive to give me and my siblings the best life she can and make the best out of poor circumstances, a true heroine to thank for me even being able to lead the life I'm trying to build for myself!"

Meet Katie, 23 years old and from Michigan. She's fun, bubbly, and loves to have a good time. You can most likely find her enjoying nature or indoors playing video games! Katie is an avid gamer who found her love for video games when she was four years old and played the original doom with her father, John. Since then she has added to her expansive video game collection and has cosplayed several

of her favorite characters including: Misty from Pokemon, Caitlyn from League of Legends, Nocturnal from Skyrim (which happens to be her favorite game), A nightingale from Skyrim, T-45D Brotherhood of Steel power armor from Fallout 3, Halo ODST that is Hello kitty themed, and Jack from Mass Effect 3. Katie plans on cosplaying many more characters at upcoming conventions. Speaking of such, Ka-

tie has been a special guest/guest judge at a few conventions. Other than games on the computer or consoles, Katie really enjoys playing tabletop RPG games such as Pathfinder, Shadowrun, Dungeons and Dragons, etc. Currently she is getting a group together to play Call of Cthulhu 6th edition in the modern age!

I am currently using my modeling to help pay for my college tuition. My goals are to get my Phd. I Psychology and use this to education to further my ambitions in life as well as I really believe that I can help others. I travel as much as I can and other than studying for the endless tests and quizzes in school, I hike, bike and work out as much as my time allows me to when not modeling. This was my first librarian shoot and I loved the photos! Hopefully, you will as well.
