I was born and raised in a small village within a predominantly farming community in Thailand. I left school at just sixteen years old but now have a successful cosmetic business in the center of Bangkok. I also have farming interests around Thailand focusing on producing organic products.

Achievements: Just over a year ago I had some studio portrait photos taken which started my interest in modelling. I now have several shoots to my credit, from bikini to artistic nude and I really enjoy it. It's amazing how many people seem to appear from nowhere when you are posing naked outdoors. I would love to model

full time and long to be a successful published model. Modelling has given me more confidence and self esteem and now I get to meet some talented and interesting people. I am getting more adventurous, and now I would be interested in trying a video shoot, it sounds like fun.

Tiffany Champagne

Tiffany Champagne is a Model-Actress originally from NYC but enjoying life in Hollywood.

She comes from a conservative upper-class upbringing and has an education in the Arts and Acting fields.

Having been raised in New York City, she socialized with the models that were going to the same private school in NYC. "Tiffany: I was shopping in Bloomies with them at 14 years old and buying Chanel purses. Their lifestyle so impressed me, and everyone around me suggested I try

modeling I was signed up to a big NYC agency where I started to do Modeling for junior fashion. Wearing lots of make-up for photo-shoots, I got to be a blonde and looked 18 years old. Of course, I pushed the limits. My parents were somewhat shocked at my make-up and grown-up looks, but I knew this was what I wanted. It was the very best time of my life, and I was addicted to it and knew it was what I wanted to do."

It was so much fun wearing all the makeup at an early age and being a junior model.

Tiffany knew she wanted to be in the creative fields and went on to Art College and studied Acting with some famous acting schools in Hollywood. She is a published model and has acting credits to her name.

In a few years, my family moved to California where my dad was transferred to a high position.

I went to prominent acting classes and studied acting which led to some acting projects.

Dea is a pocket rocket with attitude....and elegance. A fish out of water some may say. Whilst her Oriental looks will distract you her German accent will intrigue you. Working 9-5 was only holding the now travelling freelance model down. Whilst she toured through Australia we met up and made magic during the setting sun along the beach line of Port Melbourne.

Achievements: 1 - When did you know a career in modelling was for you?

Many times. When I was 15 scouts asked me on the streets if I can join their agencies. After I've been often asked by photographers directly

2 - What genre of modelling do you enjoy most?

I love fashion shoots with other models, I like trashy arty shoots and outdoor

3 - How hard it to be a freelance model is and what challenges do you face?

I take it easy. The biggest challenge every week for me is to not miss the flight, to find my shoot locations and hotels / transportations who allow dogs, because I try to keep her part of my life

4 - What are some of the most enjoyable destinations you have visited so far around the world while touring?

Most fun I had in Sydney/ Melbourne. That time was crazy. London and NYC also gave me special memories. When it just comes to good vibes and less wild stories then it is Los Angeles. I felt so good

5 - In what circumstances, if at all, do you think nude art photography can be both artistic and also erotic? How do you draw the definition?

When I started modelling I did loads art nude but since my tattoos I'm more into glamour nude. Nude art means to be part of the picture to complete it like a tree in the garden, erotic means to express emotions but be more impressive and human

6 - How many tattoo pieces do you have altogether?

8, but will finish my arm sleeve very soon

7 - What's the main influence behind your bodywork?

Tattoos are sexy and make you look even more unique

8 - What do you think your tattoos say about you?

My tats say that I have an eye, taste and love the trashy cool look

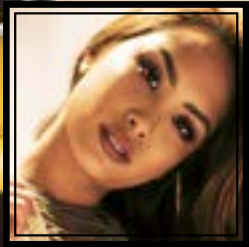

9 - Come the weekend, what's your favourite thing to do?

Weekdays or weekend, I'm a freelancer for me it's all the same. I never drink so I just wanna have a long dance night, waking up on the beach with my dog.
