I'm a 26 year old, hardworking wife and mother of three wonderful kids. I always shoot for the moon when it comes to setting my goals, and I'll admit, I get side tracked by gazing at the stars from time to time. But I have a whole life to enjoy while I work to make my dreams a reality. I hope that one day I'll be able to peruse my career in mortuary science and own my own funeral home. Until then, I'll continue to do things that make me happy and live life to the fullest while working my butt off to get to where I need to be.

Poojani Perera

Hi I'm Poojani Perera. I'm from Sri Lanka. I'm 23 years old. My sizes are as follows:
Height- 160 cm
Bust - 30 cm
Waist - 26 cm
Hips- 34 cm
I'm strongly attracted to the Colour Black in my Hair-style. Because I would like to keep my Natural Beauty. At School, I started my career line in Dancing and Acting, which paved my path of Modelling

Achievements: I'm a Special kind of Model who believes in all kinds of Practical Modelling Tactics. Earlier days, I believed in Traditional Modelling, limited to saree, skirt and Shorts. But as time passed, I began to understand that my taste should change to much

more Experienced and more useful ways. I was at first stern in My Style but, one of my Best Friends, who always saw the Best Part in my Style, always told me to Change my Style, which will pave my Path to Success. Now I do believe him since now I'm fully prepared to undergo all Modelling Moves. Tradition has paused me for such a long time that, I missed a lot of Career Paths, which does not mean that I'm an easy-going Character. I always keep my limits in a Professional way. Now, thanks to my Friend, who is working in the Hospitality Industry, can proceed in my line of Fashion. Now my moves go on to Bikini and Semi Nude. I look forward to provide my Best Poses for any Foreign Magazines / Commercials..etc and always welcome any opportunities, specially in the Movie Industry.

Meagan

My name is Meagan I am a newly wed and mother of 2 amazing and beautiful girls. I was born and raised in Indiana. I was raised in a sheltered home. I was told to be modest and not to loud, or to raise my voice. Once upon a time I would say dream about being one of the pretty girls in the magazines and feel pretty. I would have never thought I would have the opportunity to step outside of my box and be confident in my own skin. (Especially at my age) It was all thanks to my husband and my beautiful friends who instilled that confidence in me to shoot for whatever I put my mind to. I had so much fun doing this shoot with my friends! It was just awesomeness we all encouraged each other and made some really great and spooky memories!

I first met Diamond when she responded to a casting call for a beach shoot in August. I travelled over to her home town by the sea, some 96 miles away and hoped that she'd show up and not let me down. We hit it off straight away, and the shoot went better than I could have hoped for with laughs and fun throughout. Since that shoot in August we have shot a further seven sets including the studio set featured here.

Working with Diamond as much as I have, I've come to know her quite well. She's fearless and up for almost any challenge. The fact that she wanted to jump out of the car on a main road to jump on a horse in a field for a shot says it all, although I did decline that idea; there was no-where to park the car.

Preferred styles of modelling for Diamond are swimwear, lingerie and fashion, and I've been lucky enough to capture all these styles with her in recent weeks, with lots more planned going forwards. I like to experiment and have some lighting ideas to try out and Diamond is quite willing and happy to get in and be the subject of my experimental shoots. Just recently she took part in my human sacrifice shoot for halloween when I got a bit over enthusiastic with the strage blood and dropped a large amount straight into her mouth. She still came out of it laughing and wanting to carry on shooting, so a great model to work with, experiment with, and to be around in general.

Diamond is not just a model, she has many interests. She's appeared as an extra on popular television series, The Only Way Is Essex, appeared in a music video, provided vocals on a demo track, model of the year 2012 on American television, published in other magazines, amongst other achievements.

Away from the spotlight Diamond doesn't really drink although the occasional Blue Lagoon cocktail goes down pretty well. She also has a wonderful pet dog who becomes the centre of attention when Diamond is not, and will happily tell you off if he's not happy, and yes, he's featured in some of our shoots too.
